

Add curb appeal to your project

SIMPLE + FAST + EASY

with Silvermine Stone's pillar system

Perfect for:

- Adding character to the front of your house
- Dressing up porch or deck posts
- Driveway entrances
- Mailboxes & more

Step 1 Choose The Right Size

Pre-Cut Pillar Stones are available for:

- 18" x 18" Pillars
- 24" x 24" Pillars

The pillar stones install around a pillar base or frame quickly and easily.

No masonry skills required

Step 2 Choose Your Stone Color

Dover Cliff

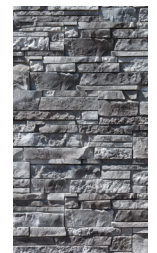

Monument Valley

Marin Fog

Dakota Sunset

Evening Grey

Step 3 Choose a Cap Style & Color

22" Flat Cap

OR

22" Split Cap

designed to fit around a 6x6 post

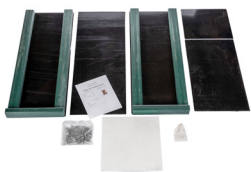

Available in:

Sand, Slate & Brownstone

SPEED UP THE PROCESS WITH

18" PILLAR FRAME KIT
No Cutting or Measuring Required

Pillar Kit Includes:

- A pre-cut, ready to assemble polymer (no-rot) frame
- Frame assembly screws
- Fasteners for stone

Available to quickly and easily build an 18" x 18" pillar in:

- 36" Height
- 48" Height

The frame kits are designed to be stacked creating taller pillars.

* Pillar frames and stones are non-structural and are designed for decorative applications
